ABOUT

Detect Electronics Systems (I) Private Limited

With over 25+ Years of industry experience, Detect Electronics Systems (I) Private Limited, a sister company of Detect Electronics System, has built a strong reputation for delivering customer-centric, high-quality services across multiple engineering domains.

Our legacy is defined by technical excellence, timely project execution, and commitment to quality, which have consistently earned us client satisfaction and industry recognition.

Strategic Expansion Goals

Pan-India Presence

We aim to establish regional offices and project hubs in major metro cities and Tier-2 regions to support faster mobilization and local execution across:

- ⦿ Telecom infrastructure
- ⦿ Civil and electrical engineering
- ⦿ OFC and fiber-to-the-home (FTTH) deployments
- ⦿ Technical resource training & supply.

Key Achievements

Over the years, Detect Electronics Systems (India) Pvt. Ltd. has successfully executed several turnkey infrastructure projects across telecom, civil, and electrical sectors. Some highlights include:

- ⦿ **Optical Fiber Cable Installation:** 2,750+ KMs laid across multiple clients (IDEA, RJIL, STL, NIPL, BSNL).
- ⦿ **Tower Installation:** 2,200 GBT & RTT towers completed ensuring structural safety and wide coverage.
- ⦿ **Electrical Works (HT/LT):** Executed across 1,500 telecom sites with efficient power distribution.
- ⦿ **RF Installation:** 2,000+ multi-vendor sites (IDEA, Alcatel, Samsung, Nokia) successfully integrated.
- ⦿ **FTTH Projects:** 500+ fiber-to-home connections deployed ensuring last-mile connectivity.
- ⦿ **Tower Strengthening:** 100 critical towers reinforced for enhanced structural stability.

MISSION

To deliver cost-effective, high-quality, & sustainable turnkey solutions across telecom, civil, and electrical domains ensuring client satisfaction and operational excellence.

VISION

To be a leader in delivering innovative, reliable, and quality-driven telecom and infrastructure solutions that drive connectivity and national growth.

LEADERSHIP

Team journey is driven by integrity, innovation, and a relentless pursuit of excellence in every project we deliver.”

CORE VALUES

To be a leader in delivering innovative, reliable, and quality-driven telecom and infrastructure solutions that drive connectivity and national growth.
